REPORT OF THE SCHOOL BOARD

FOR THE YEAR ENDING FEBRUARY 15, 1905.

At the annual meeting of the district held March 2, 1904, Eddy W. Stevens was elected moderator. James E. French clerk, and Mary E. Manning treasurer, for the ensuing year. Albert P. Watson was elected member of the school board for the ensuing three years. March 5, 1904, the school board met at the parsonage and organized as follows: Chairman, William M. Patten; treasurer, Mary E. Manning; secretary, Albert P. Watson.

The schools of the town were divided, for special supervision and furnishing supplies, as follows: Nos. 2, 3, 4, and 5 were assigned to William M. Patten; Nos. 1, 9, and 10 to Mary E. Manning; and Nos. 6, 7, and 8 to Albert P. Watson.

Each school has been conducted thirty weeks with the exception of Nos. 7 and 9, where, on account of the scarcity of pupils, no school has been opened during the year. The school children in these districts have been conveyed to No. 1 and No. 6.

A new system of writing books has been introduced during the year. The Vertical System, so popular a few years ago, has proved unsatisfactory in many respects. It has therefore been discontinued, and the schools have taken up instead a system of Medial Slant writing.

It is a matter of keen regret that Miss Mary E. Manning, who has been a most efficient and highly valued member of the board for the past ten years, has felt obliged, on account of ill health, to resign her position. She has been an earnest and untiring worker in the interests of our schools, and has

always shown herself to be well qualified for the work by reason of her rare intellectual gifts and her wide experience in educational affairs. During her term of service she has earned and won the grateful esteem of all who have the best interests of the town at heart. Her resignation was received and accepted July 25, 1904, and Mrs. Eunice S. Kinson was appointed to fill the vacancy until the next annual meeting of the district.

From the following financial summary it will be seen that \$573.36 is left on hand. About \$400 of this was saved by closing Nos. 7 and 9 throughout the year. The amount paid for conveyance each term varied with the number and attendance of the pupils. It will be unnecessary to raise any extra money for the ensuing year.
